## BIGSHRIMP AGENCY

bigshrimp has been established with sustained success for national and international photographers, agencies and industry clients since 1998. Aside from full production management, bigshrimp offers customers complete production services from one centralised source, including art buying, casting services, model booking and location scouting. bigshrimp stands for efficient handling, streamlined organisation and high quality production. In addition, the company offers three fully equipped rental studios in which clients have access to the necessary facilities to work professionally on all kinds of studio productions.

## CASTING SERVICE

bigshrimp offers the holistic spectrum of casting services.

CASTING MANAGEMENT /  
MODEL BOOKING

We take care of the whole casting coordination. Our clients benefit of our excellent network of all relevant national and international agencies to offer a perfect selection. Modelbooking, travel organisation and accounting complete this service.

## LIVE-/VIDEOCASTING

On customer request we organize Live- and Videocastings in Hamburg or Berlin.

## STREETCASTING

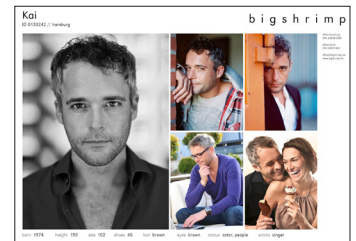

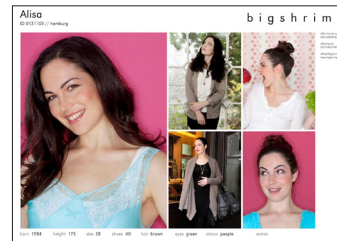

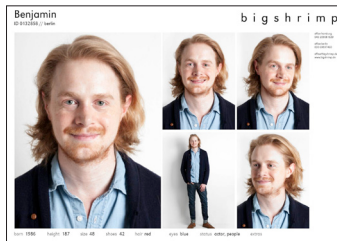

We use streetcastings to present new, fresh and unconsumed talents. Further on we scout special characters for your project, which are not listed in the archives of agencies. We will be up to your challenge.

## CLIENT-LOGIN

We are able to provide the results of our services in all realizable formats. You have access to a personal customer log in area on our website to make your selection in interaction with your client at the same time.

## TALENTPOOL

With our talentpool of 1.000 active models, actors, dancer and many other talents ... between 16 and 80 years, we are able to fulfill any kind of demand for your production. To arrange the casting process as efficient as possible we always keep the talent composites up to date.

... it's just a small selection. Our booking unit maintains around 1.000 active talents to give campaigns and other projects a face. Please feel free to contact us for more information.
